
Moving Home Minnesota

- o Moving Home Minnesota (MHM) is a Federal Medicaid project to assist individuals with transitions from nursing homes or institutions to community living.
- o The goal is the simplify and improve effectiveness of transition services and give a more consistent individualized approach to Home and Community Based Services (HCBS) to better serve those with complex needs.

Moving Home Minnesota cont.

- o New Not Automated HCPCS/Modifiers added to SSIS that are associated to MHM
(*see handout – *Moving Home Minnesota HCPCS/Modifiers – Services Reference Guide*)
